Our Ref: PP2103\_L\_7/22\_T3 Prop. Implement

July 2022

Dear Resident / Occupier

**New controlled parking zones in Teddington  
Proposed implementation of new Zone T3 in Walpole Road/Church Road area**

In March 2022 I wrote to you to update you on the Council's decision to implement new controlled parking zones (CPZs) in Teddington and preparations are underway aiming to bring these new schemes into operation later this year.

The Council is also reconsulting this area on whether to implement a new CPZ in part or all of this area. The results of previous consultations in 2020 and 2021 showed support for a new controlled parking zone to be introduced in this area to operate Monday to Friday 10am – Noon. You may recall that these consultations were across all roads east of Stanley Road, between Strathmore Road and Broad Street (originally Zone T3). Following a review of the results and feedback received, it has been decided to carry out the following comprising two new CPZs:

- 1. Seek feedback from all properties of roads approximately south of, but excluding, Somerset Road on proposals to implement a new CPZ (Zone T3) operating Monday to Friday 10am – Noon.
- 2. Re-consult all properties approximately north of, and including, Somerset Road on whether they would wish to have a new CPZ (Zone T6) implemented operating Monday to Friday 10am – Noon.

Please view the attached map showing these two areas.

Your property falls with the area described in (1) above – see the attached map. This consultation is effectively seeking any comments or concerns that you may have on the Council's proposal to implement a new CPZ in this area this financial year. Subject to the consideration of feedback received, the Council will proceed to implement the new CPZ by way of Experimental Traffic Orders which provides a six-month period of operation for review and in which formal representations can be made.

Please note that we are not reconsulting as to the hours/days that the new CPZ will operate given the results from the last consultations showing support for a two hour a day, five days a week zone.

**Parking Permit Costs**

Operational Hours	Operational Days	Annual Residents' Permit Charge	Annual Business Permit Charge	Daily Visitor Permit Charge
10am to Noon	Mon - Fri	£55.20	£176.40	£1.50

**Resident and Business permits**

The above resident and business permit prices are for the first permit issued per household/business for one year. Subsequent permits purchased per year are

approximately 50% more for the second permit and 50% more again for the third permit issued.

**Resident visitor permits**

Resident visitor permits (scratch cards) are available at half the standard price to the over 60s. These permits must be validated for the relevant time period.

Please be informed that, irrespective of whether a CPZ is introduced, the Council will be going ahead with some changes that could affect your area: implementation of double yellow lines (contained within the latest CPZ design), and implementation of new CPZ schemes elsewhere in Teddington, in particular Zone T2. We therefore ask you to consider how you feel these changes may affect your area when providing your feedback.

We would like to hear from you if you have any comments or concerns on the implementation of this new CPZ. There are two ways of providing your response as follows:

By e-mail with the reference **'Prop. T3 Implement'** to:  
[parkingpolicy@richmondandwandsworth.gov.uk](mailto:parkingpolicy@richmondandwandsworth.gov.uk).

By letter with the reference **'Prop. T3 Implement'** to:  
Head of Engineering (Traffic and Parking Policy)  
Civic Centre  
44 York Street  
Twickenham  
TW1 3BZ

Please ensure we have received your responses by **Sunday 18 September 2022**.

The Council will consider all responses to this consultation and decide on the implementation of this new CPZ.

For more details, including the latest CPZ design and information on the previous consultations, please visit:
