

Battersea Park Junior and Toddler Playground Improvements Consultation

Wandsworth Council want to hear your views about plans for the refurbishment of Battersea Park Junior and Toddler Playground, one of the most well-used playgrounds in Wandsworth. Three designs have been developed for you to choose from and comment on. We would like your feedback to help decide on a final design. The new equipment will have to be appropriate for the age range of intended use. The toddler section is for children under the age of 8 and the junior section is for children over the age of 8.

What happens next?

Once this consultation has closed, all of the feedback will be carefully considered to decide on the final design. The final design will then be submitted for planning approval.

Whilst every attempt will be made to construct the final design to plan, certain elements may have to be altered during the implementation stage due to unforeseen technical or logistical issues.
