Residents / Business Occupiers  
Bedford Hill, Harberson Road,  
Shipka Road, Sistova Road,  
Rossiter Road, SW12

Dear Resident/Business Occupiers,

### **Bedford Hill SW12 Streetscape Improvements**

You may recall the consultation on Streetscape Improvements on Bedford Hill between its junctions with Balham Station Road and Balham Hill in May 2018. The consultation received a majority support and has been approved for implementation by the Council's Executive.

Phase 1 includes the introduction of a 20mph speed limit, high quality paving, entry treatments and sustainable drainage/planting where possible at the junctions of Harberson Road, Shipka Road, Sistova Road and Rossiter Road, improved parking bays, increased cycle parking and reduced street clutter. Phase 2 - The upgrade of the traffic signal junction of Bedford Hill, Balham Station Road and Fernlea Road is also proposed subject to TfL's final approval.

Construction of Phase 1 will start during week commencing 27th January 2020 and is expected to be completed within 6 months, weather permitting.

Whilst we aim to keep disruption to a minimum, to provide a safe working area it will be necessary to close side roads to construct the entry treatment for 2 weeks each, however access to properties will be maintained at all times. A signed diversion route will be in place for the duration of the road closures.

If you have any comments regarding these works that you would like us to consider or anticipate any particular problem that we may be able to help you with, please contact Tim Addelee on (020) 8871 8202.

Thank you in advance for your cooperation.

Yours faithfully,

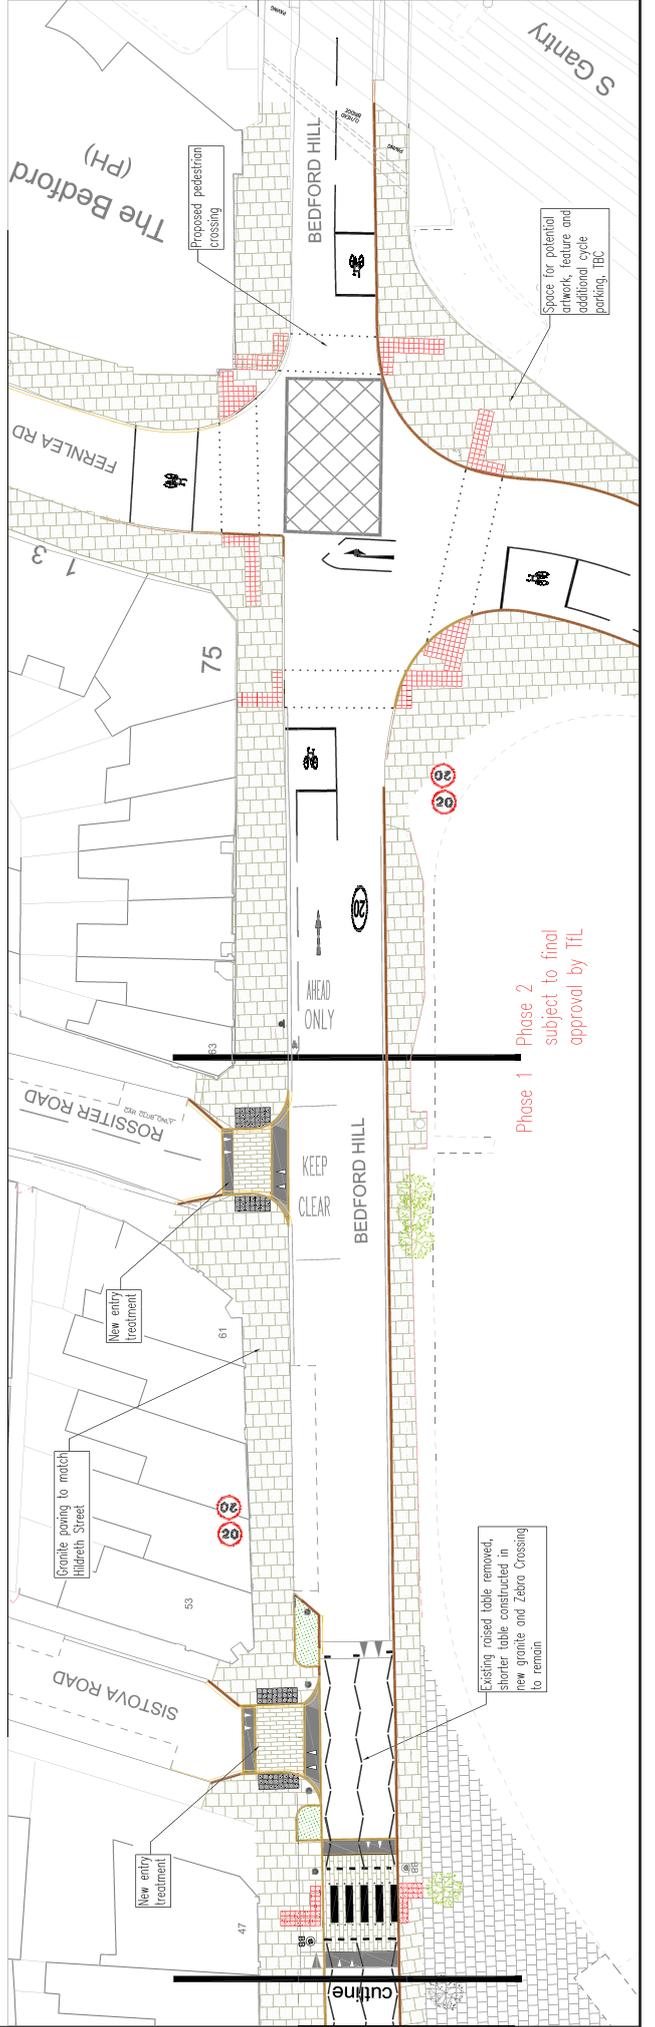

Henry Cheung  
Head of Engineering (Traffic and Engineering)
