

## Fred Wells Gardens Improvements Consultation

On behalf of Wandsworth Council, Enable Leisure and Culture has secured £316,500 to fund improvements to Fred Wells Gardens in the near future and we would now like to hear your views.

Funding has been secured through the following channels:

- £220,000 from Wandsworth Council's Local Fund in June 2017.
- £80,000 to fund play space enhancements from developers at 12-14 Lombard Street and £16,500 from other planning contributions.

We would like to hear your views on the following:

**Group A works:** These works are classified as essential to the ongoing safety and / or maintenance of the park and therefore they are not presented as options to choose between. However, we would still like to hear your views on our proposed solutions and make sure we have not missed anything.

**Group B works:** We would like your help to prioritise these potential improvement works through this consultation. These works, although important, are less fundamental to the overall safety of the park and given that funds are limited it is likely that some of the less popular proposals in this group will not be funded through this round of investment. Therefore, we would like you to rank Group B works according to how important you feel they are to your enjoyment of the park.

## Have your say

The consultation will go live on **Monday 28 January 2019**.
