

Wandsworth Park Improvements Phase 1 Consultation and Information Sharing

Following the recent public toilet refurbishment and new landscaping and access improvements in Wandsworth Park, Wandsworth Council now want to hear your views about plans for improvements to Wandsworth Park Junior and Toddler Playground, bringing the council's investment in this green space to over £300,000 in recent years. The new play equipment will have to be appropriate for the age range of intended use. For Wandsworth Park Junior and Toddler Playground the intended age range is for children up to 16 years old.

The aim of this initial consultation is to help us understand what you think of the current playground, if and how you currently use this facility and how you think it could be improved.

We also want to take this opportunity to inform you about a project that was started in Spring 2021 to create a wildflower meadow at the west end of Wandsworth Park to enhance local biodiversity. Further details about this project and how you can get involved are included in the online survey.
